

***Acta Geologica Sinica* (English Edition) Calls for Submission of Review Papers**

Acta Geologica Sinica (English Edition) is a bimonthly, SCI-indexed academic journal produced by the Geological Society of China. Having an impact factor ranging from 1.5 to 2.15, it has long been indexed by many international databases and websites, such as SCI, CA, BIG, etc. Internationally, the journal cooperates with John Wiley & Sons Co. Ltd to publish the electronic version; all papers can be downloaded online. Contributors wishing to submit, read, enquire and download can log in either via <http://mc.manuscriptcentral.com/ags> (English submission system) or <http://www.geojournals.cn/dzxbcn/> (Chinese submission system).

In recent years, with the mining economy developing fast, geoscientists have been involved in all scientific activities from astronomy and the deep earth to oceanography and polar regions, from the macro to the micro world, and from the past to the future, leading to great achievements. In order to facilitate publication of these important scientific achievements, ***Acta Geologica Sinica*** (English Edition) intends to invite more open-dated submissions for review papers.

Manuscript Submission: during the preparation of manuscripts, authors are asked to follow carefully the guidelines presented.

Author or author grouping: a review paper, which is contributed by an author, an authoring group, or foreign coauthors, is given top priority, especially when offering an international vision, highly understanding of advances in international geosciences, and with a certain amount of SCI-indexed papers published.

Scope of articles: topics include stratigraphy, paleontology, tectonics, seismology, geophysics, lithology, geochemistry, ore deposits, sedimentation, oil and gas, hydrology, global climate change, etc., for example: progress and outlook in research on dinosaurs, ancient birds, insects, plants; global gold, iron or copper deposits, comprehensive utilization of coal gangue; ecogites.

Style of paper: manuscripts should include introduction, main body, development trend, conclusion and references. For geology, two types of paper are preferentially welcome: specific topics plus retrospective discussion and retrospective opinion plus current status.

No limitation to the number of pages: not less than 10 pages in general.

References: in order to follow the regulation of international geological counterparts, we suggest to authors to cite SCI-indexed papers, especially by international authors. Total number of references should be not less than 30.

Translation and polishing: for those who provide just Chinese-language version papers, the editorial office of ***Acta Geologica Sinica*** (English Edition) will help with translation and invite foreign expert/s to polish the manuscript so that it can meet publication requirements. Papers with fluent English and precise expression will be favorably published.
