History of *Acta Geologica Sinica*

- In 1922, the *Bulletin of the Geological Society of China* (mainly in English) started publication.
- In 1952, the *Bulletin* was renamed *Acta Geologica Sinica* (in Chinese with English abstracts).
- In March 1988, *Acta Geologica Sinica* (English Edition) was reformed to publish the English translation of the Chinese edition. It was separately numbered as agreed with its exclusive overseas distributor Pergamon Press so as to be distinguished from the Chinese edition.
- From 1997 on, *Acta Geologica Sinica* (English Edition) has been publishing English originals, with the same volume numbering as that of the Chinese edition.
